Style, Quality
& Great Value

JANUARY 2018

Welcome

Dorridge in white

Chester Horizontal Small Rib with Waterford windows

Vertical with "SmartPass" - In Anthracite Grey

Fort Doors is all about great products at everyday pricing. Built to last and packed with features that make them a pleasure to use, they are exceptional for their good value and striking good looks.

This brochure showcases an extended range of doors that are sure to make an impact. CE marked and manufactured under our ISO 9001 quality systems, you can be sure of safety, reliability and quality.

All Fort Doors products are CE marked and built within our audited ISO 9001 quality systems

Alton - Golden Oak

Stylish Choices

Up and over doors in an array of designs made from steel, timber and composite GRP are complemented with the many styles also available in side hinged opening action.

Windows and decals add a further option to personalise a design to your taste, whilst automation is a great addition to open your door at the touch on the remote control.

Steel Up and over doors are designed for a long and reliable life and are available with retractable or canopy lifting gear.

Our "smartpass" up and over doors have a built in pass door - perfect for those times when you want access to your garage without a separate side door. It opens just like a normal up and over door when you need it and opens just like a side door when you don't!

See pages 14 to 19

Traditional side opening doors are brought right up to date with all round lip seals and secure locking.

If you love the look of real timber our cedar range is the perfect choice.

GRP now available in side-hinged

Composite GRP is an incredibly strong, dent resistant modern composite laminate with a better strength to weight ratio than steel. The door face is devoid of joints, seams, rivets or fastenings to detract from its good looks.

All up and over doors are ready for automation.

Fort Sprint 800N

Automation for retractable doors gives a quiet smooth remote opening of your garage door.

Up and over garage doors

STEEL

Steel Up & Over Garage doors are a timeless and reliable choice. Choose a style and colour and you have a strong and secure door that will look good for years to come with the minimum of effort.

Single doors up to 9'0" wide and 7'0" high are supplied with canopy lifting gear as standard.

Retractable lifting gear is available as an option on all door sizes up to 9'0" wide and 7'0" high and standard for all doors over this size.

Dorridge with windows

Twelve features give the Dorridge a lovely balanced appearance that is further enhanced with Sockton Cross windows. The Dorridge is also available with Plain and Waterford windows.

Made to last

All doors feature a strong sub-chassis with bracing plates to ensure rigidity of the door panel.

Up and over doors feature simple but effective cable operated latches that are engaged and disengaged with the locking handle.

The internal lock handle.

The inside face of our canopy doors showing the twin point lock latches and the high quality corrosion protected components.

Canopy gear is spring assisted and provides a simple and effective solution for doors up to 8'0" wide.

Retractable doors run on smooth polymer rollers in suspended tracks and are perfect for remote control operation.

All Fort Doors are CE marked and comply fully with current safety legislation. Canopy doors feature an anti-drop device in the unlikely event that a lifting cable should fail.

Colour Options

Golden Oak

Rosewood

Woodgrain effect steel doors provide an attractive alternative to timber and are an excellent match for modern Upvc window finishes, with the same minimal maintenance requirement.

Frames complement the door. Golden Oak frames are finished in Clay Brown (RAL 8003), Rosewood frames are finished in Mahogany Brown (RAL 8016).

Side hinged garage doors

STEEL

Dorridge with windows

Traditional side hinged doors are easy to operate and so simple. All our up and over styles are also available in side hinged configurations and also with matching personnel side entrance doors.

Steel Side hinged garage doors are available 50:50 up to 10'0" wide.

2/3:1/3 opening up to 9'0" wide.

Horizontal rib opening up to 8'0" wide.

Dorridge

NEW

Steel bracing gives side hinged doors a robust feel in every day use. The standard configuration shown above uses twin latches on the active leaf and shoot bolts on the inactive leaf. Hold-open stays and a threshold are available as an option.

Made to last

The internal lock handle.

A threshold is available as an option to provides help protect against leaves and other debris blowing under your door.

Side hinged, personnel and smart pass doors employ high grade corrosion protected hinges for smooth operation and elimination of leaf "sag".

Georgian

Standard doors have top and bottom cable operated lock latches to the active leaf and shoot bolts to the inactive leaf for dependable security.

All doors feature a strong sub-chassis with bracing plates to ensure rigidity of the door panel.

Timber garage doors

Bamburgh (shown in Light Oak)

Cedar boards and mouldings

Fairbourne (shown in Light Oak)

Cedar faced ply and cedar mouldings

The natural beauty of timber shines through on our range of up and over doors. Benefiting from the same excellent opening mechanism, locking and strong steel chassis, these doors add a classic touch to any home.

If you are fitting doors side by side, let us know and we'll craft a pair finished to a similar shade - remember wood is a natural material and no two doors are alike!

The Tewksbury and Meriden are also available as side hinged opening.

Open For Infil

If you'd like to create your own design, we offer an open chassis into which you can fit your own panels up to a maximum weight of 7.5 kilograms per square metre.

GRP garage doors

Eastbourne White Gloss

Regent White Gloss

Side hinged doors are supplied on a robust steel chassis in a complementary colour. The back of the door is shown here.

GRP (Glass Reinforced Polyester) are low maintenance garage doors.

GRP is an incredibly strong, dent resistant modern composite laminate with a better strength to weight ratio than steel. The door face is devoid of joints, seams, rivets or fastenings to detract from its good looks.

All doors are supplied fully finished, won't warp, shrink or rust and are virtually maintenance free. There are two ranges - white gloss and woodgrain, with selected styles available as side hinged opening as shown.

White gloss doors are just that! The high gloss finish just requires an occasional wipe over to keep it in pristine condition.

Woodgrain doors are available in the stunning selection of woodtones shown here. Finishes are minimal maintenance and require just a wipe over with a damp cloth to keep clean.

Product Guarantees

Fort Doors manufactures products to the highest standards and your garage door only leaves our factory after a thorough quality and testing process.

In the unlikely event of a warranty claim, please contact your dealer that installed your garage door, and supply them details of the serial number on the side of the door. Your dealer will supply further details of your claim with proof of purchase, to the Warranty Department at Fort Doors.

1. Warranty Period.

A warranty covering the safe and reliable operation of the Fort Doors garage door for a period of 10 years from the date of purchase is given to the original purchaser.

The purchaser is given a 2 year warranty for all springs; tracks; rollers; and hinges for normal use, whereby normal use constitutes no more than 5 operations (open/close) per day. We recommend that they are inspected annually by a competent engineer. The warranty period for replacement parts is 6 months or for the remainder of the warranty period.

2. Requirements.

Warranty is valid in the country where the garage door was purchased.

The product must have been purchased through one of our authorised partners and a serial number and receipt of purchase provided.

The warranty only covers damage to the garage door.

3. Performance.

During the warranty period we will rectify defects to the Fort product that can be proved to be material or manufacturing faults. At our discretion we will either exchange; repair; or reduce the price. We will not accept any costs for dismantling; installation; or delivery.

The warranty does not cover damage caused by:

- Improper transport and fitting.
- Repairs by non-qualified or non competent individuals.
- External influences such as fire, water, alkaline solutions, acid, bird droppings or abnormal atmospheric pollution.
- The use of non Fort Doors parts without the approval of the manufacturer.

Additional Information:

- It is a fundamental condition of this guarantee that the product has been installed, maintained and serviced correctly and is used solely for the purpose for which it was designed.
- Incorrect installation, maintenance and service will invalidate this warranty.
- The door must be kept in a clean condition and free from impact damage.
